

## Exploring Skills for English Tests

# Listening Part 3: A1 and A2

### Format of the task

There are three parts to the A1 and A2 Listening test. In **Part 3**, candidates will listen to a monologue, for example someone leaving a message on a phone, or an announcement (approximately 120-160 words for A1 and 300-350 words for A2). Topics will be on everyday issues and appropriate to A1 and A2 levels.

There are 5 questions in this part. Candidates must complete 5 sentences by using drag and drop to draw from a pool of 10 options. The focus of these questions will be on key information. Candidates will need to answer the questions as they listen.

Candidates will have time to read and check their answers. All audio recordings and questions are at A1 and A2 level. Candidates will hear this section played twice.

### Skills/functions being assessed

- Comprehension of the main message in monologues and in simple conversations for a given purpose
- Understanding of specific concrete information of everyday personal nature
- Understanding of language relating to numbers, times, directions, locations, likes, needs, agreements and disagreements

### Tips for teachers

Provide candidates with:

- Practice in listening to a variety of recordings from different sources and various everyday topics
- Skills to understand how informal and formal monologues are organised
- Strategies that focus on sentence completion and placing the correct words to gapped statements to identify the main points
- Skills to be able to understand unfamiliar words through context

### Tips for learners

- In preparation, listen to as many audio exercises in English as you can
- Read the questions carefully before listening, remember the key words
- Use the second listening to check your answers
- Practise using cues in the text to help you identify meanings of words you don't know and look at key words that tell you the main points that fit in the gaps in the questions
